CONTENTS OF *VETERINARY IMMUNOLOGY AND IMMUOPATHOLOGY,* VOLUME 22

VOL. 22 NO. 1 AUGUST 1989

Characterization of surface markers of bovine gut mucosal leukocytes using monoclonal antibodies
A.M. Nagi and L.A. Babiuk (Saskatoon, Sask., Canada) 1
Significance of Freund's adjuvant/antigen injection granuloma in the maintenance of serum antibody response
A.K. Lascelles (Glebe, N.S.W., Australia), G. Eagleson (Lindfield, N.S.W., Australia), K.J. Beh (Glebe, N.S.W., Australia) and D.L. Watson (Armidale, N.S.W., Australia) 15
Lymphocyte reactivity to mitogens and natural killer cell activity in crossbred swine during the reproductive cycle
B.J. Purswell, D.L. Dawe and J. Brown (Athens, GA, U.S.A.) 29
Effect of immunotherapy on the serum concentrations of allergen-specific IG antibodies in dog sera
M.J. Hites, M.L. Kleinbeck, J.L. Loker and K.W. Lee (Tempe, AZ, U.S.A.) 39
Serum IgG and IgM antibody response in cattle to antigens of *Pasteurella haemolytica*
D.A. Mosier, K.R. Simons, A.W. Confer, R.J. Panciera and K.D. Clinkenbeard (Stillwater, OK, U.S.A.) 53
Peanut agglutinin (PNA): binding and stimulation of bovine intestinal and peripheral blood leukocytes
A.M. Nagi and L.A. Babiuk (Saskatoon, Sask., Canada) 67
Sepracell-MN for mononuclear cell separation from cattle: effect on mitogen- and antigen-induced lymphocyte blastogenesis
A.W. Confer, J.H. Wyckoff III, S.L. Oltjen and J.W. Oltjen (Stillwater, OK, U.S.A.) 79
Activated porcine alveolar macrophages: are biological response modifiers the answer?
S.K. Chapes, C.G. Chitko, R.C. Thaler, J.L. Nelssen (Manhattan, KS, U.S.A.), G.A. Anderson (Lincoln, NE, U.S.A.) and F. Blecha (Manhattan, KS, U.S.A.) 91

VOL. 22 NO. 2 SEPTEMBER 1989

Detection of antiplatelet immunoglobulin in thrombocytopenic dogs
D.S. McVey and W.S. Shuman (Manhattan, KS, U.S.A.) 101
In vitro modulating effects of porcine immunoglobulin G on mitogens-induced lymphocyte response in precolostral, suckling and weaned piglets
I. Valpotić, M. Gerenčer and I. Bašić (Zagreb, Yugoslavia) 113
Distribution and function of non-lymphoid cells positive for monoclonal antibody CVI-ChNL-68.2 in healthy chickens and those infected with Marek's disease virus
S.H.M. Jeurissen, E.M. Janse, G.L. Kok and G.F. de Boer (Lelystad, The Netherlands) 123
Comparison of *Mycoplasma gallisepticum* subunit and whole organism vaccines containing different adjuvants by western immunoblotting
E.K. Barbour (Willmar, MN, U.S.A.) and J.A. Newman (St. Paul, MN, U.S.A.) 135

Priming for local and systemic antibody memory responses to bovine respiratory syncytial virus: effect of amount of virus, virus replication route of administration and maternal antibodies
T.G. Kimman, F. Westenbrink and P.J. Straver (Lelystad, The Netherlands) 145
Negative enrichment of bovine T lymphocytes with monoclonal antibodies and magnetic microspheres
P.J. Griebel (Saskatoon, Sask., Canada), A.P. Gee (Santa Ana, CA, U.S.A.), L. Qualtiere, M.J.P. Lawman and L.A. Babiuk (Saskatoon, Sask., Canada) 161
Comparison of protective immunity and inflammatory responses of pigs following immunization with different *Actinobacillus pleuropneumoniae* preparations with and without adjuvants
W. Hall, T.W. Molitor, H.S. Joo and C. Pijoan (St. Paul, MN, U.S.A.) 175
Synovial fluid proteins in degenerative joint disease in dogs
H. Strøm, S. Alexandersen, O.M. Poulsen and J. Hau (Copenhagen, Denmark) 187

VOL. 22 NO. 3 OCTOBER 1989

Special Issue: Bovine Leukemia Virus

Editorial: Bovine leukemia virus — issue and model
Z. Trainin (Bet-Dagan, Israel) 199

Expression of the bovine leukemia virus transactivator protein p34 by a recombinant vaccinia virus
L. Willems (Gembloux, Belgium), C. Letellier (Rhode-St-Genèse and Uccle, Belgium), M. Gonze (Rhode-St-Genèse, Belgium), R. Martin, R. Kettmann (Gembloux, Belgium), A. Burny (Gembloux and Rhode-St-Genèse, Belgium) and G. Meulemans (Uccle, Belgium) 201
Tumor-associated antigen on bovine leukemia virus-induced bovine lymphosarcoma
M. Onuma (Ebetsu, Japan) 213
Immunohistological demonstration of virus and tumor associated antigens in tissues in experimental and spontaneous bovine leukemia virus (BLV) infection
M. Reinacher (Giessen, Federal Republic of Germany), M.C. Thurmond (Tulare, CA, U.S.A.), M. Onuma (Ebetsu, Japan), D. Portetelle (Gembloux, Belgium), J. Picanso (Tulare, CA, U.S.A.) and G.H. Theilen (Davis, CA, U.S.A.) 223
The BLV-induced leukemia–lymphosarcoma complex in sheep
S. Djilali and A.-L. Parodi (Maisons-Alfort, France) 233
Chemotherapy and immunotherapy of bovine leukosis
M. Onuma, Y. Yasutomi and M. Yamamoto (Ebetsu, Japan) 245
Natural mode of horizontal transmission of bovine leukemia virus (BLV): the potential role of tabanids (*Tabanus* spp.)
G. Manet, X. Guilbert (Alfort, France), A. Roux (Etrechy, France), A. Vuillaume (Mont de Marsan, France) and A.L Parodi (Alfort, France) 255
Cross-reactive antibodies to BLV and HTLV in bovine and human hosts with retrovirus infection
K. Maruyama, T. Fukushima and S. Mochizuki (Chiba, Japan) 265
Comparison of the agar gel immunodiffusion test and ELISA in the detection of bovine leukosis virus antibody in cattle persistently infected with bovine virus diarrhoea virus
D.H. Robert, M.H. Lucas and C. Swallow (Weybridge, Great Britain) 275
Use of milk samples and monoclonal antibodies directed against BLV-p24 to identify cattle infected with bovine leukemia virus (BLV)

G.F. de Boer, H.M. Boerrigter (Lelystad, The Netherlands), J.P.W.M. Akkermans (Gouda, The Netherlands) and J. Brenner (Bet-Dagan, Israel) 283
An international comparison of different laboratory test for the diagnosis of bovine leukosis: suggestions for international standardization
R. Hoff-Jørgensen (Copenhagen, Denmark) 293
The implication of BLV infection in the productivity, reproductive capacity and survival rate of a dairy cow
J. Brenner, M. Van-Haam (Bet-Dagan, Israel), D. Savir (Akko, Israel) and Z. Trainin (Bet-Dagan, Israel) 299

VOL. 22 NO. 4 — 15 NOVEMBER

Identification of two independent MHC class II antigens in a bovine lymphoblastoid cell line
A.M. Janzer-Pfeil and G.A. Splitter (Madison, WI, U.S.A.) 307
Immune response of lambs to experimental infection with Orf virus
D.L. Yirrell, H.W. Reid, M. Norval and S.E.M. Howie (Edinburgh, Great Britain) 321
Associations of genetics and sampling time with levels of interleukin-2 activity
K.L. Knudtson and S.J. Lamont (Ames, IA, U.S.A.) 333
The effect of human recombinant interleukin-2 on the porcine immune response to a pseudorabies virus subunit vaccine
K. Kawashima and K.B. Platt (Ames, IA, U.S.A.) 345
Infection of bovine monocyte/macrophage populations with *Theileria annulata* and *Theileria parva*
E.J. Glass, E.A. Innes, R.L. Spooner and C.G.D. Brown (Roslin, Great Britain) 355
The effect of immunosuppression on resistance to *Rhodococcus equi* in mice
P.M. Bowles, J.B. Woolcock and M.D. Mutimer (St. Lucia, Qld., Australia) 369
Recombinant bovine interferon-gamma enhances expression of class I and class II bovine lymphocyte antigens
F. Walrand (Alfort, France), F. Picard (Paris, France), K. McCullough (Saint Aubin (FR), Switzerland), S. Martinod and D. Lévy (Alfort, France) 379
